About the Conference

Radiation and related technologies have become part of daily life today. The lack of knowledge on perspectives of human health risks under influence of radiation hazards to the people at the grassroot level has been of foremost concern in the country. The ignorance about sources of radiation from anthropogenic resources, and man-made alterations have, of late, emerged as one of the major irritants in management efforts to develop appropriate remedial measures for the general improvement of human health. The Conference will cover a wide spectrum of emerging areas of stem cell technology, biotechnology, medicine, disaster management, social sciences, engineering etc relevant to human health, environmental issues and welfare programs for society. The major concern is to update knowledge, enhance awareness and share recent research results among experts, scholars and general public with the primary objective to educate them and suitably equip with latest information on the useful as well as adverse effects of radiation in nature including the effects of radionuclides from the effluents discharged by the industries and other sources.

Dear Colleagues,

On behalf of the Organizing committee, we take this opportunity to invite you to participate in the International Conference on Radiation, Environment & Health on November 19-21, 2010 to be held at Nehru Gram Bharati University, Allahabad, India.

About Nehru Gram Bharati University

Nehru Gram Bharati University came into existence as the first rural University of its kind in State of Uttar Pradesh of India and probably one of a few in rural area based institutes of higher learning in the country. It enjoys recognition as 'deemed to be' University, granted by the Union Ministry of Human Resource Development u/s 3 of U.G.C. Act 1956 vide Notification No. F.9-42/2005-43 (A), dated June 27, 2008.

The University of this kind was basically conceived by the 1st Prime Minister of India, late Pt. Jawahar Lal Nehru who laid the foundation stone of Nehru Gram Bharati on the 26th July, 1962 in the village Jamunipur near Kotwa-Dubawal of his Phulpur Parliamentary Constituency in district of Allahabad.

We, the family members of Nehru Gram Bharati University, warmly welcome you to the religious Sangam city of Allahabad in the Conference. We assure you of good science, comfortable stay and, above all, our humble hospitality to enrich you with memorable experience.

A view of Sangam

Anand Bhawan

Fort

The Venue/City of Allahabad/ Prayag

Allahabad is an important city of India in the state of Uttar Pradesh situated at the confluence of the holy Ganga, the historic Yamuna and the mythological Saraswati and is an attraction for tourists from the world over. The confluence is called Sangam which is considered a holy place for many in the world. The city has glorious history and has produced many illustrious scientists, academicians and political leaders including first Prime Minister of India, Pt Jawahar Lal Nehru. The University of Allahabad is popularly known as Oxford University of East.

The temperature at Allahabad is mild (15-20 °C) during middle of November but winter sets in thereafter. Months of December and January are cold; temperature dipping to 2-3°C for days.

Varanasi city is about 2-3 hr by road from Allahabad.

Venue of the Conference

Auditorium, Rajiv Gandhi Institute of Professional Studies, Hanumanganj, Allahabad.

Scientific Sessions

1. Science and applications of radiation/radioisotopes
2. Global warming and management of environment
3. Environmental engineering and technology
4. Rural technologies, opportunities and innovations
5. Biotechnology tools in health & environment
6. Computer, modelling & bioinformatics
7. Medicinal plants & health applications
8. Stem cell technology, nutrition & health
9. Cancer research, diagnosis & treatment
10. Nanoscience and technology
11. Management social issues and challenges
12. Emerging and cutting edge technologies
13. Scientific awareness & societal development
14. Genomics and Proteomics in health science
15. Free radicals, antioxidants and oxidative stress
16. Herbal drugs in health and diseases
17. Population studies and disease pattern
18. Biomedicine and Imaging technology
19. Issues and policies in higher education
20. Scientific temper and society
21. Disaster management strategies
22. Special hot topics

Call for Abstracts

One-page abstracts (MS-Word format, A-4, Single space, Font Times New Roman 12 pt, both in Hard & Soft Copies) for contributed papers (Oral/Poster) are invited by e-mail or by post addressed to Organizing Secretary of the

Conference. Name of the presenting author should be underlined. Complete author affiliations and e-mail address of the presenting author should be provided. Acceptance and mode of presentation shall be notified by 31st October, 2010. Official language of the conference will be English, LCD projectors and Overhead projectors (OHP) will be available.

Poster Session

- The area for the poster is 1.0m x 1.0m.
- Necessary materials for display will be provided (Board pins, velcro)
- The posters should be readable from 2-3 metre of distance.
- It is advisable to organize your poster in sections like Introduction, methods, results and conclusion.

The last date for abstract submission with filled in registration form and bank draft towards the Registration fee and accommodation will be 16th October, 2010. The abstract(s) may be send to icreh.2010@gmail.com or through e-mail (neeshiversity@gmail.com) as an attachment to: Dr. Neeshma Jaiswal, **Organizing Secretary, International Conference on Radiation, Environment and Health, 2010.**

Publication

Abstract will be published and released on inaugural day of the conference with the title "Abstract Book of the International Conference on Radiation, Environment and Health, 2010".

It is also intended to bring out the Proceedings of the Conference in a compendium form. Full length papers must be submitted positively by 31st October, 2010 by post and as an e-mail attachment (neeshiversity@gmail.com) to Dr. Ms. Neeshma Jaiswal, Organizing Secretary, **ICREH-2010.**

Please follow the Guidelines for Authors for preparation of manuscript specified in the attached leaflet.

Awards

There is a provision of one award each for the best oral and poster presentation by young scientists (below 35 years) and one Senior Scientist Award (above 35 years) based on original quality research paper and performance in different scientific session of the Conference.

Registration Fee

All participants are required to register. Payments towards Registration Fee/Accommodation booking should be made by Demand draft drawn in favour of "The Convenor, ICREH" payable at Allahabad. The registration fee will cover conference material, meals, local transportation and accommodation in our Guest House. Spot registration would be acceptable. Filled in Registration form along with the draft may be sent to Dr. Ms. Neeshma Jaiswal, Organizing Secretary, International Conference on Radiation, Environment and Health (ICREH), 2010.

	Before 15.10.2010	After 16.10.2010
Delegates	Rs.800.0	Rs.1000.0
Students	Rs.700.0	Rs.800.0
Accompanying Person	Rs.350.0	Rs.400.0
